In Memoriam

"GREATER LOVE HATH NO MAN THAN THIS,

THAT A MAN LAY DOWN HIS LIFE FOR HIS FRIENDS."

Walter Dirrim

Ercil Eyster

Robert Hake

J. W. Ingram

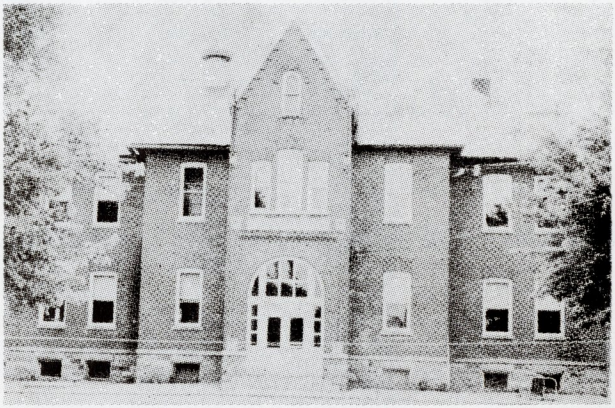
Burl Junior Knapp

Maurice Lovejoy

When the early settlers arrived in sufficient numbers, one of their first community projects was to build a schoolhouse and a church. Often the same building served both needs. Many youngsters attended school only during the winter months when farm work was less demanding.

Previous to the winter of 1874-75 children living in Florence and Northwest townships could attend any number of small country schoolhouses scattered around a few miles outside of Edon.

The first schoolhouse in the area is thought to be a small log building built in 1841 in the northwestern part of Northwest township on land owned by Isaac Parsons. The first teacher, Miss Abigail Hills, taught ten students for two or three months during the winter of 1841-42. Shortly



after the organization of the school another small log schoolhouse was built in 1843 on section 32 in the northwestern part of Florence Township. Lawyer Welch of Bryan was one of the first teachers. A teacher could expect to be paid about $1.00 a week for 2 or 3 months of the year.

In the following years other small log schoolhouses sprung up near Union Corners, Singers Corners and New Berlin. During 1850 the 12 mile square school district was divided and schoolhouses were built in all directions a few miles outside the town of Edon. Then in 1875 Solomon Metzler was employed to teach in a large room in the Sheline Hotel. Others who later taught in small schools around the town of Edon were Mrs. Hattie Miller and William Holmes.

On March 10th, 1876 the following men were selected to the first Board of Education: J. G. Cameron (president), James Garside (clerk), James Robinett, Andrew Sheline, William Latimer, Jonathan Burke. These men on April 10th, 1876, authorized a tax levy of 3 mills for tuition and contingency fund and 4 mills for a building fund. Only half of the Edon citizens voted on the levy which would raise $1,500.00. Thirty-one voted for the levy and thirteen against. A dispute arose between two factions of citizens. One group wanted the school situated in the eastern part of town on the Gearhart lots the other group wanted it located on the Garwood lots in the western end of town. Finally, after considerable maneuvering, the question was submitted to a vote, and carried by a majority of seven in favor of the western location on the Garwood lots.

A brick two-story school building was erected in the fall and winter of 1876 by Andrew Sheline for $2,000. September, 1877 found a total of 122 students enrolled. Each year the enrollment increased until in 1889 a larger structure was built and used until January 1904, when the building burned.

Professor O. E. Ewan came to Edon in the fall of 1904. Besides holding the job of Superintendent of Edon Schools, he was also one of the high school faculty with the help of Mrs. Ella Gearhart Messner, the 7th and 8th grade teacher.

Mr. Ewan's job was even more burdensome since the school was burned down the previous January and the classes were taught in various buildings around town.

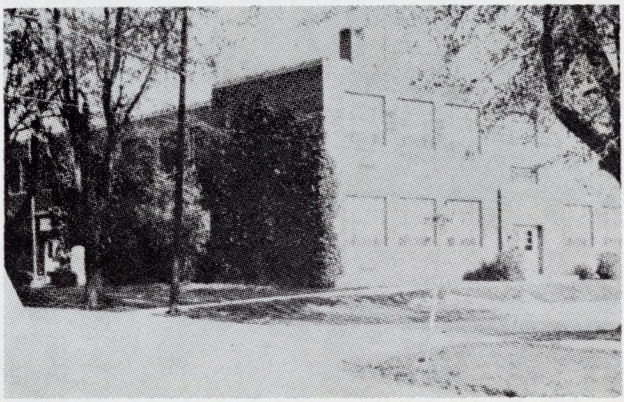
Despite these many obstacles, it was through the effort of Mr. Ewan that Edon High School was given a charter as a third grade high school. The following May of 1905 its first class of four members graduated. By January of 1905 the school had been rebuilt.

Eventually Edon High School received a first grade charter and the State required the school to expand and employ more teachers. So in January 1920, the Edon School Board authorized the erection of a temporary building, on a lot north of the schoolhouse. This building, known as the "Sheepshed", was a one-story frame building with three stove-heated rooms. The "sheepshed" housed the first six grades.

In this same year, 1920, the village and township districts consolidated to become the Florence-Edon School District. Gradually, the country schools were abandoned and the students were brought to town for their schooling.

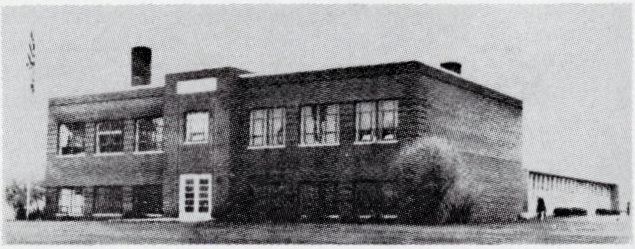
School enrollment kept increasing and it became necessary for the school to expand. This time a house was purchased for use by the newly formed Home Economics department. Called "The Cottage", it was located west of the "Sheepshed" and was purchased from Eli Sheline. At this same time adjoining property was purchased and later in 1936 an auditorium was built on that land. Then in 1927 Mr. Ewan suffered a stroke from which he never recovered.

During the decade of the 1930's many things changed. In 1931, the old high school was modernized; the outside plumbing disappeared. The "Cottage" was moved and in the fall of 1936 a new building including the auditorium was dedicated. The class of 1937 was the first to hold their graduation exercises in the auditorium, instead of one of the local churches. The first cap and gowns were worn by the class of 1938. The home ec department occupied the northeast corner room in the auditorium addition and other classrooms were located along the north wall

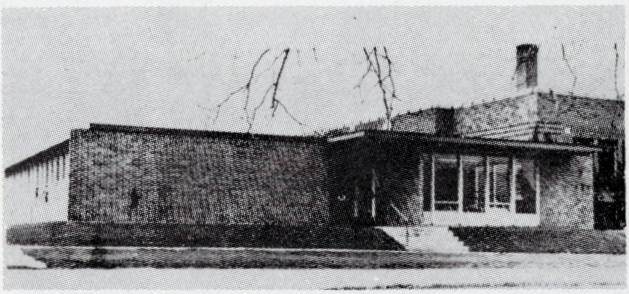


under the auditorium seats. This area presently serves as the Edon Middle School Library.

The west wing was added in 1939-40. This addition provided classes, offices, farm shop, and a new home ec department. The "Sheepshed" was torn down and the elementary grades moved into the old high school.



Meanwhile in Northwest township, the rural schools were consolidated and a building was erected at Cooney in 1940. Then in 1956 the Edon Northwest School District was formed.

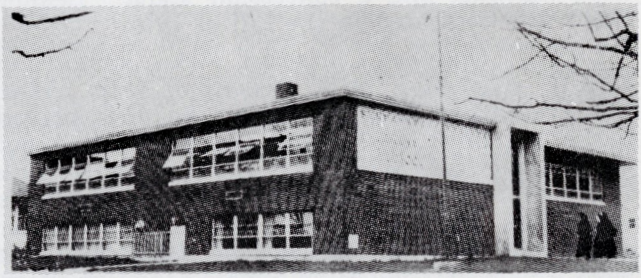


In the summer of 1959, part of the old high school was torn down and a new elementary building erected. Presently this building is being used as the Edon Middle School, with grades 5-8 occupying it. During the construction of the building, classes were held in various churches. A new addition was added to Northwest at this time and both buildings were dedicated on August 24, 1958.

Additional classrooms, a cafeteria, library, industrial arts, and gym were added and dedicated on April 23, 1967.

Throughout the years, St. Joseph's Catholic School at Blakeslee has provided instruction for the first eight grades. In 1959 a new building was built adding four classrooms and a large cafeteria.

Today the Edon Northwest School District covers 78 sq. mi. of the northwest corner of Ohio



and accommodates a total enrollment of 1000 students. This enrollment figure includes 110 students attending grades 1-8 at Blakeslee. Thirty-five teachers are employed in the school system with an additional 5 teachers at Blakeslee. Bus drivers, maintenance personnel, cooks, and teacher aides add another 20 people to the service of the school system.

ATHLETICS

Football was EHS's first endeavor in the field of athletics. From 1911 to 1951, football was played intermittently. Since that time, we have had football every year. Herman Kosch became the first high school coach in 1927. The first athletic field was acquired in 1928. On at least two occasions our teams have advanced to state level.

In 1968 a proposal of an athletic complex was presented to the Board of Education. Frank and Irene Walz then donated 10 acres of land, 2 blocks north of the present high school, in memory of their daughter, Leanne, a 1962 Edon High School graduate. This area called Leanne Field, has an estimated value of $50,000. Many local businesses, citizens, and organizations donated labor and money toward the building of this athletic complex. The complex contains a press box, bleachers, football field, track, parking area, field lighting, and a concession stand. Leanne Field was dedicated in the fall of 1976.

Lucille Opdyke Chrisman, who taught in 1912-16, coached a girls' basketball team. After the gymnasium was available, the girls played basketball until 1939 when the state ruled out girls' basketball. When Mr. Derbyshire came in 1932, the boys practiced basketball in Mauerhan's ice house. They often used the gyms at other schools for practice. Since 1936, basketball has been a part of Edon High School athletics. More recently our track teams have taken their share of honors.

MUSIC

Since the start of Edon High School, music has been a part of the curriculum. Instructors were hired part time until 1932 when Pauline Kaiser Maxwell was hired full time, going to the rural schools also. In 1937, Evart Norgard was hired, uniforms were provided, and our first marching band was formed. Since its beginning with a second-hand organ our musical department has taken its share of honors.

CLUBS AND ORGANIZATIONS

F.H.A.—Out of the home ec department has come the cafeteria which provides lunches to the pupils and serves dinners at special community meetings. The cafeteria has functioned since 1944.

The F.H.A. was instituted in 1941. Marjorie Isenhart Sintic taught home ec in 1935-36 and initiated the first commercial courses.

F.F.A.—In 1938, the agriculture department was added with Edward Green as instructor. The F.F.A. operates as part of the program.

Parent Club—An active Parent Club provides many of the material needs of the school and promotes a better understanding between parents, students, and teachers.

Edon Alumni Association—The Alumni Association of Edon High School was organized by Mr. and Mrs. D. T. Kiess in 1908 with twelve graduates. It has been dropped and revived several times but has functioned consecutively since 1930 with the exception of World War II years. Over 2,300 students have graduated from Edon High School.

Throughout the years Edon High School has provided the opportunity for learning, and many of our graduates hold positions of high esteem in many fields of endeavor. Many are the lifelong friendships that had their beginning at Edon High School.
